Facility Description	<input type="checkbox"/> Dual Disorder Treatment
<p>For over a decade, Freedom House has been a successful twelve month Residential Program where women overcome their addictions and reunite with their families. After completing the Residential Program, our mothers return to mainstream society as productive citizens, free from the addictions that once threatened their lives, and are able to provide an environment where their children can flourish.</p> <p>In addition to our Residential Program, our graduates have the opportunity to enter the Freedom House Aftercare Program where they may live rent free in a Freedom House home for up to one year and remain connected to the support needed to maintain their recovery. Freedom House is now a large community where residents and graduates work together to encourage and support one another to live out a healthy lifestyle instead of living in the pain of addiction.</p>	<input type="checkbox"/> DWI/Court Assessments
