Facility Description	Bilingual Counselors
<p>We believe that professional counseling and therapy is necessary to help individuals to overcome the consequences of alcoholism and other drug addiction. Also, we recognize that alcoholism and other drug addictions is a “family illness”, and believe that all of the members of the alcoholic’s family need to be a part of the recovery process by receiving specialized help. We accept the Twelve Steps of Alcoholics Anonymous as a reliable and orderly approach to recovery from alcoholism. We identify the higher power as the person and work of Jesus Christ. We also believe there are some very specific scriptural principles that must be applied to such an individual to assist him in a victorious and fruitful Christian walk.</p>	Children/Family Allowed
